SGF047	AS12FS-PPC	Replacement window for AS1200 series front brim	

## ARC FLASH LIFT-FRONT HOOD

- Shield and chin guard offer an additional 45 degrees of vertical view over standard hoods
- Vertical peripheral vision field increases by 109% which allows for a clearer view of surroundings
- Contoured lens naturally extends range of peripheral vision giving user a greater outward visibility and more access to natural light
- Allows for use of task lights to add much needed convenience lighting in dark work places
- Contains 60% less fabric weight than standard hoods which makes it lighter and more comfortable to wear
- Reduction in fabric allows for more natural head movement and eliminates the need for frequent hood adjustments due to shifts in the excess fabric
- Industrial design creates a natural ventilation system beneath the brim of the hard hat
- Ventilated bracket design allows carbon dioxide and heat to escape as it rises from the body
- Colour: Grey
- Arc Rating: 40
- Standard(s) Met: NFPA 70E
- Arc Flash PPE Category Level: 4

Model No. SGF052  
Mfg. No. LFH40-SPL
